1. Overview

The NCPDP Pharmacy Accelerator – SCRIPT 10.6 Edition (Pharmacy Accelerator – SCRIPT 10.6) includes a set of BizTalk® Server-annotated XML schemas (XSD) that model the 17 NCPDP SCRIPT transactions.

1.1. WPC’s experience with HIPAA and NCPDP

WPC is the founding publisher of the ASC X12 products including the HIPAA 4010 and 5010 transaction sets’ implementation guides and technical reports. WPC is a long-standing member of the NCPDP and is in regular consultation with its leadership. WPC released its first version of the NCPDP Pharmacy Accelerator – SCRIPT in 2010 for the NCPDP 8.1 standard and upgraded it to support Version 10.6 in 2012.

1.2. The NCPDP SCRIPT Standard Version 10.6

The NCPDP SCRIPT Standard Version 10.6 is a “standard created to facilitate the transfer of prescription data between pharmacies, prescriptions, intermediaries, and payers.”

The National Council for Prescription Drug Programs’ SCRIPT Standard Implementation Guide 10.6, and the October 2008 Data Dictionary are essential reference documents to implement pharmacy e-prescribing. NCPDP documentation purchase information and other NCPDP transaction information such as standard guide clarifications, responses to frequently asked questions and standard change request procedures can be found on the NCPDP website at www.ncpdp.org.

1.3. NCPDP Standard SCRIPT 10.6 Transactions

The 17 NCPDP SCRIPT Standard Version 10.6 transactions are listed in the table below. WPC’s Pharmacy Accelerator – SCRIPT 10.6 supports all 17.

### 2. Features
The Pharmacy Accelarator – SCRIPT 10.6’s XSD schemas have the following features:

- Long field names for ease of mapping. The long field names identify the segment and the data element’s full name as specified in the SCRIPT Implementation Guide, for example “REQ06__ChangeOfPrescriptionStatusFlag.”
- Field descriptions
- NCPDP element number references
- Element attributes including:
  - Usage
  - Minimum length
  - Maximum length
Data type

- Enumerated code values and code descriptions
- Microsoft BizTalk® Server-annotations
- Interchange header and trailer
- Message header and trailer

3. Code Value Annual Updates

In order to get updated code values, SCRIPT 10.6 XSD Schema customers may purchase annual updates of their schema for twenty percent of the original purchase price. Contact info@wpc-edi.com to order annual XSD schema updates.
